

Brooklyn Police Prescription Drug Drop Box Program

Prescription opiates are often the gateway to heroin addiction. Prescription opiates are commonly found in many medicine cabinets. It is vital that old prescriptions be properly disposed to keep one's family safe. Pills left unattended in a bathroom or medicine cabinet can be easily taken and misused.

Please utilize the Brooklyn Police Department's Rx Drug Drop Box Program to keep your loved ones safe. It is conveniently located in the lobby of the Police Department 24/7. Please *no needles* or *liquids* in the box. The Brooklyn Police Department offers this program in conjunction with the Cuyahoga County Sheriff's Office.

Not from Brooklyn? That's alright - just log into www.RxDrugDropBox.org and type in your zip code to find a drop off box near you. Most police stations in Cuyahoga County have a box available for your use. Find a box near you and drop off your old prescriptions. Do it today!
